## Our Activities

### Projects for Children

We are concerned about all the vulnerable children - subjected to labour, harassment, trafficking, drop out situations, infected / affected by HIV/ AIDS, street children, those from disadvantaged communities and broken families.

### Education Sponsorship

The education sponsorship reaching out to the poor children, help them to remain in education and aspire greater things in life. The sponsorship is to ensure quality delivery of services and required response from the sponsored.

### CREAM

Child Rights Education and Action Movement was launched to establish child participation as the key facet of child development. CREAM wants to achieve a high level of child participation in child development, promote child rights and ensure child protection by establishing the appropriate structures and networks in the 10 districts chosen.

### Skill Training

Lack of/inaccessible opportunities have not allowed our youth to realize their potential to the optimum. We try to bridge this gap by providing employment driven skill training programmes for marginalized youth.

We have training on Beautician, ISMO, Hospitality, Retail and Electrical funded by Schneider electrical, Tech Mahindra Foundation, Quest Alliance, Accenture, Axis Bank Foundation all over Karnataka and Kerala.

### Community Development

We reach out to the larger community through multi pronged approaches leading to education, awareness, training, income generation etc leading to social development and integral growth.

### Interns / Volunteer Management

As an institution continually adapting to changing contours in the realm of vulnerable children and marginalised youth, BREADS is ever open to interns from different backgrounds. We offer strategic tasks that will expose you to stark realities and allow you to enhance your functioning for the better. We promote, facilitate and manage volunteer / student placements in various project locations.
