

DIRECTOR'S PAGE

In this summer all the Don Bosco Projects were busy organizing camps for the children of the locality. But this summer was special for all the CREAM centres as they used these camps also to join the campaign "Shale Kade Nanna Nade" (school enrollment campaign) planned by the Karnataka State Commission for the Protection of Child Rights (KSCPCR) and the Education Department. School going children were motivated to enroll their friends who have dropped out of school. The consolidated data of school enrollment from all the project districts will be submitted to commission and the department.

In this issue of SLICE, we have a glimpse of the summer camps at our various locations.

We wish the students and teachers all the best as they start a new scholastic year!

With best wishes,

Fr. Joy Nedumparambil SDB
Executive Director
BREADS Bangalore

Summer Camps are one of the most awaited affairs for children and parents associated with the Don Bosco centres in Kerala and Karnataka. The motto of our summer camp is to provide children opportunity to learn, to grow and to develop even when they are not in school--and to do so in a fun and creative way.

Our camp provided a platform for the children to be exposed to the best of human character and holistic development. The camp was more like an experience of independence for our children to help them in shaping their character and life in a controlled, safe environment; making their own decisions about simple things. Camps were packed with activities that made them successful: art and crafts- theme-based activities, sessions and videos on health and nutrition, life skill classes etc.

The camps gave children a chance to practice the best that they can be and also to help them to build each other up as well. The details of the camps at different districts are mentioned in the table below.
